Engine/Fuel Type: diesel

Engine Hours: 400

Engine Power: 55|horsepower

Tanks

Fresh Water Tanks: 1100Gallons

Fuel Tanks: 150Gallons

General Boat Description

Excellent example of the popular local cruising cutter designed by Bill Garden and built by Philbrooks in Sydney, BC. The boat has spent most of her life in Seattle moored in Portage Bay in Fresh water and cruised in the Pacific Northwest. She has been lovingly and professionally maintained throughout this ownership. A new engine was installed in 2011 that has under 450 hours. The entire hull, cabin and cockpit were repainted in Awlgrip in 2023 and shine beautifully. The brightwork is also in excellent condition. She has a bow thruster and the portlights are polished stainless steel. No expense has been spared in her upkeep. She has all the gear you\'d want for efficient and safe cruising. This is arguably the nicest Past Passage 39 out there. Fully serviced and ready to go cruising. Lying Seattle, WA.
