Engine/Fuel Type: diesel

Engine Hours: 394

Engine Power: 380|horsepower

Tanks

Fresh Water Tanks: 1140Gallons

Fuel Tanks: 1380Gallons

General Boat Description

Fabulous Sabre 42 Hardtop Express. Under 400 engine hours!

Discerning owner has spent the last two years upgrading the boat with thoughtful improvements to make the boat more efficient and comfortable for cruising. Brand new tender. Engines and drives just serviced after summer cruise, pods coated with PropSpeed, bottom freshly painted, new anodes, hull buffed and ready to go! This boat will get you where you want to go at speed, in comfort, and in style. 20 knot cruise at 2000 RPM, 25 knot WOT. 380HP Cummins diesels coupled to Zeus drives make for a 42 foot yacht that handles like a big ski boat; extremely nimble and responsive to the helm at speed, super easy to dock with joystick control at low speed, and "Sky Hook" position holding capability to hold you in one spot while you put out fenders and dock lines. No problem for single or double handing.

Whether you are going out for the afternoon with a bunch of friends or a couple weeks with the family, this boat will do it. It has great accommodations and storage for everything you need. You\'ll be fully connected with Starlink Gen 3 connecting all your devices and three onboard televisions. Or, if solitude is your thing, you can anchor in a quiet cove and enjoy peace and quiet with solar power, a nearly silent generator and a fully enclosed mesh cockpit to keep the weather out but let nature in. It\'s a do-all vessel!

You have 20 knots of cruising speed if you want to get there fast but you can always slow down and enjoy the scenery; the choice is yours.

Miss Molly has been lightly used, thoughtfully upgraded, and well maintained. Her owner\'s are leaving the area and aren\'t taking the boat with them. This is your opportunity to buy an excellent boat at a great price.
